Planners Delay Action of Use Permit for Church

Palm Springs Planning Commission yesterday postponed action on the application by the Community Church for a conditional use permit for construction of a new church sanctuary.

The commission had to postpone action because of an error by the Title Company in failing to list all the properties concerned, and residents in the area were not notified.

Other action by the Commission included the denial of a change in zone for Weston J. Naef and Lee Owens on two lots on the north side of Aleo Road. A group of members of the Palm Springs Home Owners League were present at the hearing to protest the zone change.

Approval of a proposed amendment to the building ordinance was voted by the commission, limiting R-1 buildings to one-story—15 feet maximum. Two-story buildings may be constructed on hillside sites on approval of the commission.

4 States Hit

3,000 Flee Homes To Escape Floods

By UNITED PRESS
Nearly 3,000 persons fled to higher ground to escape floodwaters that threatened to swamp four states in the southeast quarter of the nation today.

Another 2,500 awaited warnings from Army Engineers as thunderstorms and scattered showers struck across the Mississippi Valley and into Kentucky.

SCATTERED FLOODING was predicted by weathermen in the Carolina lowlands in the wake of recent rains, but the forecast for the area was fair.

In Eastern Kentucky, the Weather Bureau warned that the Levisa Fork of the Big Sandy River was to reach a crest of 45 feet today, several feet below records set in disastrous floods in 1957.

\$310,000 Bid Is Submitted For DeMuth Park Today

City National Bank of Beverly Hills submitted the high bid of \$310,000 for the DeMuth Park in the Agua Caliente Indian Land sale, on which bids were opened at the Indian Affairs office this morning.

The bank, which had notified the city that it would bid for the land, offered "considerably over the assessed valuation" to win the purchase.

OTHER VALUABLE lands which were up for bid, and for which offers were presented were:

The Albert Welmas property, containing approximately five acres or 144 feet of business frontage on South Palm Canyon Drive, was bid at \$141,321 by S. M. Pascall and Zachary Pitts. The bid was more than the appraisal on land located on the west side of South Palm Canyon Drive across from DeMuth Park.

THREE PIECES of property received no bids, including those owned by Esther Voorhees in Section 24; Clara Segundo Bow in Section 24; and Dorothy Dulce Segundo Rice in Section 24.

Pascall and Pitts were high bidders on two other pieces of Indian land, both located south of West Ramon Road. Approximately five acres belonging to Cheryl Rae Saubel had a high bid of \$30,321, and the other parcel, a 10-acre plot, had a high bid of \$56,321, and it is owned by Sylvia Julia Patencio's estate. Both bids were over the appraised value.

House Labor Committee To Consider Labor Reforms

WASHINGTON — The House Labor Committee decided today to consider both welfare fund and general labor reform bills. But it set no date for the start of hearings.

The Senate already has passed a bill to regulate union health, welfare and pension funds. A Senate subcommittee is currently holding hearings on measures to curb union abuses.

THE HOUSE committee agreed to set up a special subcommittee

ON THE EILEEN Welmas Miguel property across from the Polo Grounds Stables on East Ramon Road, George Alexander bid \$110,000 for the 20-acre plot. He was under the appraised value of the land.

George Alexander was high bidder on another 10-acre site belonging to the Sylvia Julia Patencio estate in Section 10 in the rear of the Los Palmas Tract. His bid of \$15,500 was under but very close to the appraised value.

R. SEATON DOUGLAS entered a bid of \$55,000 for a five-acre piece of land in back of the Lyons Prime Rib House in Section 26, and is reported to be under the appraised value of the land. Owner of the land is James Steve Saubel, Jr.

Another 20-acre site belonging to the Sylvia Patencio estate was bid at \$46,000 by Edwin H. Morris. It is located west and north of Bevkley's Date Ranch in Section 30. The bid was over the appraised value.

EACH OF THE BIDS must be approved by the Indians and the Bureau of Indian Affairs, and notification to successful bidders will be announced within the next few days.

According to Raymond Jackson, Indian Agent in Palm Springs, about eight of the 12 parcels met with good bids and will probably be approved for sale.

More than 35 bidders and interested parties were present when the bids were opened.

to consider the welfare bill. It directed a regular subcommittee to hold hearings "as soon as practicable" on the broader legislation.

Al J. Hayes, president of the International Association of Machinists, told the Senate subcommittee today that any attempt to restrict union elections would be "unjust and dangerous."

ELSEWHERE IN Congress: Defense: Robert Dechert, Defense Department general counsel, told the House Armed Services Committee that criticism thus far of President Eisenhower's defense reorganization plan does not warrant any change in the program.

"I have heard no arguments which in my mind justify any change in the bill as submitted by the President," he said. Some committee members fear the program could lead to a one-man military dictatorship.

KNOWLAND: SENATE GOP leader William F. Knowland, Republican candidate for governor of California, disagreed with national political columnists that he "is in trouble."

TEACHERS SALARIES TO BE DISCUSSED BY SCHOOL BOARD

Salary schedules for Palm Springs school district teachers will be discussed at the regular board of education meeting, scheduled for 7:30 p.m. tonight.

Board members, meeting in the high school administration building conference room, will also consider award of bids for a 10 classroom addition at Palm Springs High School and a six classroom addition for Nellie N. Coffman Junior High School.

AF Fighter Sets World's Height Mark

Soars to 91,249 Feet in Test At Palmdale

WASHINGTON — The Air Force announced today that its F104 supersonic Star Fighter has set a new world altitude record of 91,249 feet.

The flight was made Wednesday at Palmdale, Calif.

It broke the previous record of 80,190 feet set last Friday by a French experimental plane, the Trident 06, at Istres, France.

GEN. THOMAS D. White, Air Force chief of staff, said the stub-winged Star Fighter, piloted by Maj. Howard C. Johnson, climber to "a new world altitude record of 91,249 feet."

The previous U. S. altitude record was 76,928 feet established on April 15 of this year by a Grumman F11F fighter. The F104 is built by Lockheed Aircraft Corp. and powered by a General Electric J79 engine.

JOHNSON, 37, Novato, Calif., was in the air for only 27 minutes in Wednesday's flight. He took off from the Lockheed Test Center near Palmdale at 9:40 a.m. p.d. and landed at 10:07 a.m.

The flight record was officially timed by Charles Logsdon of the National Aeronautics Administration.

Johnson described the ultra-sonic fighter as "fantastic."

THE KIDNAP victims included water-thin wings lifted the Star Fighter at an angle of 55 to 60 degrees as it streaked through the sky. Its wings extend only seven and a half feet from the fuselage.

"I didn't have time for sight-seeing from where the plane and I flew at the fringes of space," Johnson said.

He described the F104 as "moving today's fighter pilot well out of the region where the sky is deep blue, turning almost black."

Truman Marks 74th Birthday, Plans for 95th

INDEPENDENCE, Mo. — A chipper former President Harry S. Truman celebrated his 74th birthday today and said he hoped to be around for his 95th.

"This beats the world," an astonished Truman said today as he walked into an early morning surprise party given for him by local newsmen and his staff in his offices at the Truman Library.

Accused Bored

Jury of 8 Women, 4 Men Is Selected to Try Killer of 11

LINCOLN, Neb. — A jury of eight women and four men was finally chosen today to try 19-year-old Charles Starkweather for the murder of one of the 11 persons he admits killing.

Starkweather appeared bored as the jury was seated and questioning of alternate jurors began. He has taken the trial so far as a sort of midwestern get-together—amiable and congenial. But today he hears an account of the state's charges against him told by a prosecutor who wants to send him to the electric chair.

Nine of the eighteen candidates listed for balloting will be elected. The list includes five incumbents. Six of the present board members have unexpired terms.

New candidates for election to the 15-member board are Trolly G. Bernard, Sig Ehrens, Arthur O. Emerson, Jack Heidt, Ollie Humphrey, Lynne Jennings, Harold Kester, Bob Tallafiero, Harry Taylor and William F. Zeik.

Incumbent candidates are Adele Colgan, Walter Lawrence, Jessie Manifold, Dewey Metzdorf, Harry Paisley and John Miller.

Manhunt Starts in South For 2 Armed Desperadoes

MONROE, La. — State troopers in four southern states were on the lookout today for two armed desperadoes who were leaving a trail of smashed roadblocks and kidnappings through Dixie.

The fugitives, both from Georgia, were identified as Glen Wilbur Ponder and Giles H. Jones, both 23.

THEY VANISHED into the flooded trails of Northern Louisiana after kidnapping three persons in that state following their break-out from the Texarkana, Tex., city jail Wednesday.

They released unharmed their terrified captives but both men were considered highly dangerous. They were wanted in Texas and Louisiana for auto theft, kidnapping, and assault.

The men were believed trying to reach Tampa, Fla., where one of them has a wife.

8HE KIDNAP victims included Douglas Booth, former state legislator from Ferriday, La.; Lonnie Cummings, 48, night marshal of Gibsland, La., and Mrs. June Snodgrass, Monroe.

Cummings said he stopped the fugitives on questioning on the outskirts of Gibsland. He said one of the men had a sawed-off shotgun in the car.

"When I thought I might have some trouble with the boys," Cummings said, "I flagged down an oncoming car." In the car were Booth and Mrs. Snodgrass.

ONE OF THE fugitives grabbed the shotgun, Cummings said, and took all three as hostages. One of the men also ripped the badge from the lawman's shirt and pinned it on his own.

Mrs. Snodgrass was ordered at gunpoint into the fugitives' car, believed to have been stolen from a Gibsland Baptist minister Booth and Cummings were told to get into Booth's car and follow the second kidnaper, who commandeered the marshal's auto. The caravan headed for Ruston, La., 17 miles away.

Booth told officers he attempted to pass the first car, but the gunman swerved to block the road and both cars crashed. The night marshal fled into nearby woods while one of the fugitives fired shots at him. He was not wounded.

The kidnapers freed the others near a farm house on the outskirts of Ruston.

APPLAUSE AS well as hisses greeted the vice president, who had included a visit to the university as part of his eight-nation tour of South America.

Nixon ignored previous warnings that his appearance before the Communist-institigated students might cause a violent anti-American demonstration.

NIXON PUSHED into the crowd that closed in around him, shaking hands where he could and beckoning others to come closer.

"Come and speak," he said. "Let me talk to your leaders."

Nearby students shouted at him: "Go home. Go home."

"Sure, I'll go home," Nixon said, "but don't you want to hear the truth first?"

Earlier, the vice president himself had cancelled his plans to visit San Marcos because of the possibility that the Communist students might provoke a violent riot.

It was not immediately known why Nixon changed his mind.

U. S. SECRET Service agents and Peruvian security officials were with Nixon in the noisy crowd, as well as his translator, Army Lt. Col. Vernon Walters.

Both Nixon and Walters shouted to the police, "Don't push, don't push."

Nixon said later he did this to avoid the possibility that someone in the mob might be hurt by overzealous efforts of the police to protect him.

Both American and Peruvian security agents had checked the approaches to the 300-year-old university early in the morning to determine whether Communist students' efforts to provoke an incident were a threat to Nixon's personal safety.

Benedict Attacks GOP Selection of Candidates

CATHEDRAL CITY — Frank Benedict, candidate for Congress, speaking last night at the Town Hall in Cathedral City, accused some of the leaders of the Republican Party of being the cause of the Republicans losing 12 special elections in California between the years 1954 and 1956 by hand-picking candidates for whom the public would not vote.

Said Benedict, "The public must be protected by upholding the fundamental American principle of permitting voters, by their vote, to choose their own candidates at the primaries."

Benedict said he refuses to go along with the fact finding committee set up in the 29th District, as "this type of procedure creates political machines, and would set up a boss rule in this district."

Water District Board to Decide Rate Increase

DESERT HOT SPRINGS—Discussion of a proposed water rate increase heads the agenda posted for the Thursday meeting of the Desert Hot Springs County Water District here.

District officers will also consider formal acceptance of Desert Hot Springs Highlands, Units 3 and 4, at the meeting scheduled for 7:30 p.m. in the district's Second Street office.

Other agenda items include a progress report on a new well and pump, the DHS Highlands storage tank, reports on the King water rights and Section 12 government land, and various other matters.

As if to back up the warning, the rebels announced they had struck 150 miles east across the Molucca Sea from North Celebes and captured the sea port of Djalolo, on Halmahera Island.

Djalolo has a major airfield from which Indonesian central government planes have operated against the North Celebes Capital of Manado in the past.

AVCCH Reports Current Assets

DESERT HOT SPRINGS—Angen View Crippled Children's Foundation officials today reported that the organization's net worth reached \$145,661 when the fiscal year ended Feb. 28.

The figure, resulting from an audit of books for the fiscal year from March 1, 1957, through February 28, 1958, included the AVCCH clinic, property and cash on hand and on deposit, foundation officials said.

Prisoner Rate Is Increased

The City of Palm Springs adopted a resolution increasing the rate to be paid for county prisoners held in the Palm Springs jail, and at the same time acknowledged a similar increase by the county.

Both governments have increased the rate from \$1 a day per prisoner to \$3 a day for male prisoners and \$4 a day for female prisoners.

Police Officer Resigns Post

Police Chief August G. Kettmann today announced the resignation of Officer William R. Madsen, a Palm Springs policeman since March 18, 1955.

Madsen, whose resignation takes immediate effect, said he is leaving the force to take a job as bartender and manager of Zanville's restaurant, Kettmann said.

JUST ONE OUT OF 5 Desert Sun Carriers will board this super Bonanza Airliner and travel to Los Angeles, then aboard a clipper will travel across the ocean to enjoy a weekend on beautiful Santa Catalina Island. The trip will be awarded to the Desert Sun Carrier who can best meet the strict qualifications.

Trip to Catalina Awaits 'Jr. Independent Merchant'

The Desert Sun's newest contest, one of the greatest of all, is currently under way, but it is limited to only Desert Sun carrier boys.

A special committee will late this month choose the JIM (Junior Independent Merchant) who is the best in 14 separate requirements.

UNDER THE DIRECTION of Orval Risvold, circulation manager of The Desert Sun, requirements have been listed for local carriers since February, and these include being a good citizen, clean, businesslike, and conducting himself in a way consistent with being a credit to his community.

The winner is in for a real treat for himself and his family, for he is the host and will take his parents on an all-expense vacation trip for an entire weekend.

AFTER WINNING the contest he and his parents will board a giant Bonanza Airliner at the Palm Springs Municipal Airport, and will be treated royally on the flight to Los Angeles. At Los Angeles International Airport JIM will change planes and will board a 40-passenger sea plane and wing over St. Catherine Strait and part of the Pacific Ocean to Santa Catalina. Here he will be face to face with all the exciting adventures of his life.

He and his parents will check into a beautiful hotel near the beach at Avalon, and on this island wonderland will begin his two nights and three days of adventures, of which only a boy could boast.

SIGHTSEEING TRIPS around the island, lunch at the bird park (hot dogs, hamburgers and milkshakes) a trip through the park and a conversation with the famous talking Minah bird; he will see the most famous bird of all, the giant symbol of America, the American Eagle. Dinner at Fisherman's Wharf, swimming, ping pong, and even fishing off the famous pleasure pier on Avalon Bay.

And in bed, he will be lulled to sleep by the slow and steady breaking of the surf at Avalon.

HIS SECOND AND third days

of adventure will be even more exciting. Swimming in Avalon Bay, diving for coins as the steamer comes in, and boarding the glass-bottomed boat and the flying fish boats for rides around the island. A ride on horseback with Frenchy Small as guide, into the mountain trails of the islands, seeing the wild boar and deer on the trails, and climbing to some 2,000 feet for a panoramic view of Avalon, the Casino, and the ships at anchor in Avalon Bay.

No boy would want to miss the ride from the steamer pier to the St. Catherine hotel by surrey, and in the evening a movie at the Casino Theater.

Risvold has complete rules for each of the boys who are Desert Sun Carriers, and each will receive complete details for participating in the contest with his bundles in his route.

Driver Injured In Area Accident

A 24-year-old Palm Springs motorist was injured yesterday morning when his car went out of control and overturned on Palm Drive, near Pierson Boulevard, on the outskirts of Desert Hot Springs.

New Bonds Issue Asked For Palm Tree Lighting

In the wake of the Sewer Bond Election, Councilwoman Ruth Hardy this week asked that the Director of Public Works be directed to draw up plans and costs for another bond issue to complete the palm tree lighting of Palm Canyon Drive from the old city limits on North Palm Canyon Drive, to Araby Point.

The plan will be to plant palm trees, and install lights and water lines from the north old city limits to Tamarisk Road, and continue at the end of the trees now on East Palm Canyon Drive and take them out to Araby Point.

Mrs. Hardy said that she believed that the people of Palm Springs would approve the bond issue for the trees and lights, and would like to have cost estimates ready so that the bond issue can be presented to the voters, and everything can be ready to go when the state is ready to improve the highway on the north.

Action on Building Code Ordinance Is Deferred

Action on a proposed ordinance amending the county building code was delayed this week, until next Monday, when a motion by Supervisor Fred McCall to adopt it as presented, on the premise that it could be amended later on, failed to get a second.

Building Director C. G. Bixel said that under the ordinance as presented any existing dwelling not constructed in conformance with the ordinance requirements may be altered or added to without requiring that the existing construction be brought up to safety standards.

"WE'RE LAYING ourselves wide open," he declared. "There are many substandard struc-

tures in the county with electric wiring and gas equipment that is hazardous."

Bixel suggested that the proposed ordinance section which would allow additions to non-conforming dwellings without the present requirement for bringing the entire structure to ordinance standards, be eliminated.

The present ordinance applies when the addition is in an amount 50 per cent or more of existing valuation.

ALSO FROWNED upon by Bixel was a section of the ordinance making the code applicable to structures in subdivisions containing parcels of less than one acre. He said it should be applicable to structures on parcels of five acres or less. He said this should satisfy farmers who want exemption of farm dwellings since farms in the areas concerned usually contain more than five acres.

It is expected that the ordinance will be presented to the board for consideration May 12 with the changes recommended by Bixel.

Thermal Spur Track Approved

An application by the Southern Pacific for a permit to construct and maintain a spur track upon and across Fillmore Street near Avenue 58 between Thermal and Mecca to serve the Thermal Packing Company was approved by the Board of Supervisors this week.

Supervisor George Berkey said prompt action was urgent in order that the new packing house may use the spur track during the coming grape season.

Adopt Animals At Shelter Now, Officials Urge

Palm Springs Animal Protective League today urged Village residents to adopt cats and dogs now facing the summer heat in pens of the Palm Springs Animal Shelter.

Noting that "the desert summer is particularly hard on our animal friends," League officials asked area residents to offer "refuge and friendship" to homeless animals confined at the shelter.

Now ready for adoption are a bull dog, two mixed shepherd dogs, a dachshund mix and a black Labrador mix puppy.

Many cats, including mothers with kittens are also available.

League officers asked that anyone unable to find the time of day or eat they want when they visit the shelter to call the League Adoption Committee at FA 4-2328.

The League will place animals "only in homes where they will find kindness and consideration," officials said.

Area Residents Are Invited to Pioneers Day

Village area residents were today invited to attend the 14th annual Pioneers Day program at Fairbrook May 31 and June 1.

This year's celebration features a lengthy western parade, a world championship rodeo and western street dancing.

The parade, sponsored by the Veterans of Foreign Wars, opens at 10 a.m. Saturday, May 31. The two-day rodeo program, sponsored by the Fairbrook Riders, gets under way at 2 p.m. on Saturday and Sunday.

Some of the nation's top rodeo performers are expected to compete in six rodeo events, including Brahma bull riding, calf roping, saddle bronc riding, bulldogging, team roping and bareback bronc riding.

Vermont is the second state in the Union in which the postoffice started rural mail delivery. In 1896, soon after an R.F.D. service was begun in West Virginia, a rural delivery route was started from Grand Isle postoffice.

Saund Defends Stand on Mexican National Program, Denies His Bill Had Any Effect

By D. S. SAUND

29th Congressional District. I wish to make clear the present status of Public Law 78, the law governing the Mexican National Program, and my own position in the matter.

1. The fact is that because the appropriation was stricken by the House of Representatives, there will be no Mexican National Program after June 30, 1958.

2. I AM MAKING every effort to have the money restored.

3. My bill (H. R. 10968) — to give the small businessman his fair share of the farm labor payroll and emphasize the right of local citizens to employment — had absolutely nothing to do with the appropriation.

THERE HAS BEEN growing opposition to Public Law 78 in Congress for a long time. It culminated in the report of the House Appropriations Committee adopted unanimously by that powerful body, to make the farmers pay the entire cost of the Mexican National Program.

When this provision was objected to, the House took the entire appropriation out of the bill.

And not a sigh of regret was heard — except perhaps for a look of despair on the face of the congressman from the 29th Congressional District of California.

THE KEY MAN, with the power to put the money back into the bill and thus save the program from dying two months from now, is Congressman John E. Fogarty of Rhode Island, the chairman of the appropriations subcommittee. I know Mr. Fogarty very well, and I have argued with him in the simplest fashion.

I said to him: "John, if you intended to put the entire cost of the program on the farmers, your committee should have given notice of its intention not later than the beginning of this year. Most of the farmers have leased their land, planned their crops and prepared their ground. It is too late for them to study the consequences of your committee's action. Please let the appropriations stay in the bill for one year and don't cut the legs off the farmers, who are already in trouble."

Nothing could be more absurd than a statement that my bill (H. R. 10968) is responsible for the action of the House Appropriations Committee in blocking funds for the Mexican National Program. My bill had nothing whatsoever to do with the ap-

propriations committee's action. There is not one member of that committee who ever saw a copy of my bill, or even heard of it.

PEOPLE HAVE ASKED me the question: How is it that you introduced the bill in Congress and no one knows about it?

This is the answer: More than 15,000 bills will be introduced in the House during the 85th Congress. Only a small fraction — possibly 3 per cent — of these bills will see the light of day and pass. Bills are introduced by the thousands in Congress to gauge the sentiment of the public. And my bill is one of those, very minor ones.

MY BILL WAS introduced with a sincere interest in the philosophy of "live and let live" — to give the businessmen of the community, who depend upon the farm labor payroll, a chance to exist. They are taxpayers. They bear the burdens of community upkeep. And the community as a whole cannot continue to exist or prosper unless they are doing well.

I can say this in deep sincerity: There is no person in Washington today who is trying harder than I am to have the appropriation for the Mexican National Program restored for one more year.

Elephant Bones, Million Years Old, Found in Spain

MADRID, Spain — Spanish scientists today announced the discovery of the skeleton of a million-year-old elephant. They said it was the "most complete remains" ever found in Spain.

The elephant, which apparently stood about 16 feet high, was uncovered at Villaverde by Prof. Rafael Blasco y Caro of the Lope de Vega Institute.

Architect Hired for Public Health and Hospital Plan

Administrative Officer Robert T. Andersen told the Board of Supervisors this week it is conceivable that Riverside County might be awarded money during the 1958-59 fiscal year both for a public health building and a tuberculosis hospital. He said the county holds a high priority on both issues.

Cost of the two projects was estimated by Andersen as \$1,050,000. Of this amount \$600,000 would be for a 90-bed TB hospital, and \$450,000 for a 25,000 square foot health department. A two-thirds of cost participation by the Federal and State governments would reduce the county's share to \$350,000.

advising council July 1 in San Francisco; (3) preparation of preliminary schematics for adding two floors of an office-type construction to the courthouse annex with the goal in mind of locating the public health department in that building; (4) presentation of estimates for the projects and any reasonable alternate the architect feels should be considered.

Andersen said the cost of Ruh-nau's services, which he estimated at \$5,000, could be taken from the Accumulative Capital Outlay Fund.

ANDERSEN SUGGESTED that a two-story addition to the county annex building on the northeast corner of Orange and Tenth in Riverside, would provide adequate space in that building for the health department. Dr. Everett M. Stone, county health officer, has stated he favors a central location in the City of Riverside as headquarters for the department.

The board of supervisors approved a recommendation by Andersen that Herman O. Ruh-nau, Riverside architect, be engaged to carry out a four-point program.

THE FOUR POINTS are (1) completion of a master plan for grounds of the general hospital in Arlington; (2) preparation of a schematic drawing of a proposed TB hospital for presentation to the State Public Health

Optimist Luau on Saturday

Plans to make Saturday night one of the biggest nights of the year are in high gear as the Palm Springs Optimist Club puts final touches on its Third Annual Luau. Howard Manor, site of the Luau, is being redecorated Hawaiian style for the night, and manager Bob Mills is preparing an authentic luau that should be the talk of the town.

Entertainment and music for dancing will be furnished by the "Golden voice of the Islands," Paim Springs' favorite George Kainapua and his troupe of Samoan sword dancers and hula girls. A fun feature will be the all-male hula contest with prizes for the best costumes.

Between three and four hundred people are expected at the Optimist Luau, proceeds of which go to the Optimist Club Boy's Work Fund. Lillian Roth, who has taken the Club's boy's work activities to her heart, will be on hand to autograph copies of her book, "I'll Cry Tomorrow," and her new best-seller, "Beyond My Worth." Among the many celebrities expected to attend are Marjorie Rombauer, the Alan Ladd, and Jack Demsey.

Door prizes will add to the fun planned for the luau. Palm Springs businessmen and personalities have generously contributed to make it a gala evening. Among the prizes are three days at El Rancho Vegas in Las Vegas, and a weekend at Catalina Island. A feature will be the Optimist money tree with branches laden with merchandise orders and bags of silver dollars (the largest holds fifty silver dollars) that will be given away.

The Optimist luau is open to the public with tickets still available by phoning FA 5-2738 or 5-2660. Tickets may also be purchased at the many business places displaying signs.

Writers Guild Ends Season With Picnic

Forty-one members of the Writers Guild of the Desert Art Center gathered for their annual picnic and party at the home of Mr. and Mrs. Claud Yerkes, 2390 Araby Road, Rocky Point. Following the swimming party the dinner of specialized foods was served.

Program chairman Mrs. George Anderson presented corsages as a token of appreciation, and to the retiring president Mrs. Winifred Cooper with a gift of a pin inscribed "To Ted from the Writers." President Emeritus Mrs. Al Hoover and other officers who have given years of service to the building of the Writers Guild also received specially prepared corsages artistically designed by Mrs. R. T. Spannagel. The flowers were grown in her own garden. The members present who received their corsages were Nancy Barnhizal, Madrid Anderson and Estelle Yerkes, hostess.

A discussion followed with those who had sold over \$100 or more of their manuscripts during the season. Others created humor in discussing their rejection slips, calling them "dejection slips."

Guests, among whom husbands predominated were Al Hoover, Allen Kolneson, R. T. Spannagel, William Saunders, Captain Gibson, Br. Brahma, A. E. R. Von de Velde, noted painter, Hector M. Saunders, Burley Mitchell of Desert Hot Springs, and G. Coulter, playwright and author, Virginia Young, Alice P. Powell, Ben Balos of Ocotillo Lodge, Mrs. Emily Schoenburg of Beverly Hills, Mrs. Vernice Sands of Desert Hot Springs, Dean Floyd's two daughters, Margie and Kay of Morongo Valley.

Meyers Host Garden Party in New Home

White oleanders surrounding the garden and swimming pool and a full moon made a tropical setting for the dinner party given by Mr. and Mrs. Arthur Meyer, in their newly redecorated home Saturday evening. The Meyers, former owners of the Villa Hermosa, who recently returned to the Village after a five year absence in Hawaii and other spots, bought the Kenaston house on Avenida Olivas. The pink and white decor added to the beautifully appointed dinner, catered by Santos, and served at individual tables on the lawn to 45 friends of the Meyers who came to welcome them home.

Mr. and Mrs. Meyer plan to divide their time between Palm Springs and their home in Pacific Palisades.

To restore the sheen to chintz curtains, add a small piece of wax (about the size of a walnut for one pair of curtains) to a hot starch solution. Stir in the wax thoroughly before dipping the curtains.

Mrs. Irvine Installed By Sorority

Installation of officers for the coming year featured the Tuesday night meeting of Sigma Gamma Chapter Beta Sigma Phi, which was held at the Cathedral City home of Mrs. G. Carroll Waller.

New officers are: Mrs. Robert Irvine, president; Mrs. William Ford, vice president; Miss Eunice Crooke, corresponding secretary; Mrs. G. Carroll Waller, extension officer; Mrs. John Noyes, treasurer; Mrs. Warren Strebe, recording secretary; and Mrs. Francis Pruitt, sponsor.

Mrs. William Blondon was named "Girl of the Year" and presented with a trophy.

A past president's pin was given to the outgoing president Mrs. John Dill, and Mrs. James W. Scott received a pin for perfect attendance. Miss Jewel Locke was initiated into the Chapter as a new member.

Refreshments were served following the meeting.

Bride-Elect Is Honored At Shower

Calla lilies, yellow roses and blue daisies decorated the Calle San Antonio home of Alyce Mills Tuesday evening when she and Pat Pearl co-hosted a bridal shower in honor of bride-elect Linda Kendall who is to be married in June.

Following an evening of games and opening of the many beautiful gifts, a shower cake, decorated in pink and white roses, was served with punch and coffee.

Among the guests were Karen, Mary and Bonnie Kolpacoff, Bambi Harshman, Eunice and Pat Parton, Mrs. Warren Roberts, Diane, Karen, and Clare Harrison, De De Butler, Pat Ruiz, Lee Satterfield and the bride's mother Mrs. Warren Roberts.

Magnetic electric-light bulbs and sockets are being made to replace the standard screw type.

Dinner Parties Numerous at Sunday Buffet

The Eddie LeBarons were Sunday night dinner hosts to a Racquet Club group which included B. J. Sanchez, Pierre Boucaren, Ann Miller, Bill Moss, Arleen Whelan, Hyatt VonDehn and the Gordon Guibersons.

At a nearby table David Rose was hosting another group which included the Clarence Browns.

Mrs. Eastman Markell and her mother, Mrs. Minnie Lou Wilson, who are houseguests of Mrs. Frank Chambers of Palm Desert, were having Sunday night buffet with Mrs. Chambers.

This is the last of the Club's fabulous buffets, for this season. In the average year, more than three and two-thirds billion quarts of milk are consumed with cereal alone, accounting for about 15 per cent of the annual per capita fluid milk consumption.

GREATEST ADVANCE IN COOKING!

LOOK FOR THE GREEN DOT when you visit your dealer — it's your buying guide to a truly modern Gas range!

Makes every pan automatic! With Top Burner Heat Control, all you do is dial the desired cooking temperature. The sensing element in the center of the burner takes over. It touches the pan, takes its temperature, then raises or lowers flame to maintain pre-set cooking temperature. Potwatching is ended—forever! No wonder folks call this feature the "Burner with a Brain!"

TOP BURNER HEAT CONTROL

ON 1958 GAS RANGES

The 1958 Gas range illustrated is the WEDGEWOOD. Other makes equipped with top burner heat control can be identified by the Green Dot. See the new Gas ranges that are automatic all the way—at your dealer or Gas Company.

Look what these features do for you! They're simply wonderful!

AUTOMATIC ROASTING THERMOMETER lets you cook meat to order—well-done, medium or rare. All you do is set the thermometer, insert it into roast. Oven shuts off automatically when meat is done.

ROTARY BARBECUE brings the flavor of outdoor cooking indoors—without the mess and fuss. Smoke, spatter and grease are drawn into the burner and burned off. As with Gas broiling, you barbecue with broiler door closed.

DESERT B&PW installed its new officers at a dinner meeting at the Steak Ranch. Here the installing officer Mildred Clark, standing, is shown with the new president Fern Scott and the retiring president Estelle Reutlinger. (Desert Sun Photo).

Niki Awards Given Out At B&PW Installation

Tables at Laury's Steak Ranch sparkled with desert gems Tuesday evening when the Desert Business and Professional Women's Club held their installation dinner. Gay dinner music was provided throughout the dinner hour by the pianist Jean Marnell.

Not to be outdone by the Oscars and Emmys of the entertainment world, Mildred Clark presented Niki's, little gold plated statues in the form of the National BPWC symbol, to Fern Scott and Kay Brubaker for perfect attendance in the past year.

In an impressive ceremony, the new 1958-'59 officers were installed by Mildred Clark. Each officer was presented with a small scroll of their duties encircled with a silver key chain, a polished desert gem swinging from the end of each. New officers are president, Fern Scott; 1st vice president, Alice Otto; 2nd vice president, Arvelia Allred; recording secretary, Regina Wasick; corresponding secretary, Eudora Pace; and treasurer, Euleta Jackson.

The club presented their retiring president Mrs. Estelle Reutlinger with a smart evening bag, containing a dainty wallet full of dollar bills. A gold guard pen

was also presented by Fern Scott, the new president.

Beth Butterworth, who provided the outstanding table decorations of huge desert gems and unusual driftwood formations, gave an interesting and informative talk about some of the rare pieces of gems. At the close of her talk she was peppered with questions from interested listeners.

Helen Hester, president of the Indio B&PW Club, gave a brief talk on the proposed Charter for Riverside County.

Members from the Palm Springs B&PW Club and the Indio B&PW Club attended the dinner honoring the Desert Club at their installation dinner.

The next meeting will be a business meeting held at the home of Mildred Clark in Cathedral City on May 20 at 8 p.m.

TODAY'S SPORT PARADE

By OSCAR FRALEY
United Press Sports Writer

NEW YORK (AP) — The "old men" still are cutting a wide swath in sports and another case in point today is Mickey Vernon, the "quiet man" of the American League.

Vernon has hit better than .300 only four times in a 17-year major league career. Two of those times, while with Washington, he won the American League batting crown.

And right now the man who has obtained by Cleveland only as first base insurance behind Vic Wertz is nailing the ball at a fast .400 clip.

The six foot, two inch Vernon is only carrying out the new sporting precept that life begins at 40, or in that approximate neighborhood. There was a time when your athlete was ready for the muscular boneyard when he passed 35. But not any more.

AS EXAMPLES of the Ponce de Leon movement, a couple of old guffers named Ted Williams and Stan Musial walked off with the respective American and National League batting championships last season. Williams, at 40, hit .368 and the 33-year-old Musial batted .351.

Musial, incidentally, hasn't stopped yet. He's still leading the pack in the new season with a fantastic .529 average.

Meanwhile, in other sports it's the same story. Ancient Archie Moore, who is anywhere from 42 to 44 years of age, still reigns as the light heavyweight champion of the world and last Friday just for kicks took on and whopped a heavyweight.

In golf, the youngsters are surging forward but the old guard hasn't called it a day yet. Pete Cooper, 43, won the Seminole Pro-Am and 39-year-old Tommy Bolt just walked off with the Colonial Invitation.

WHICH STRIPS THE case of Mickey Vernon of much overdue amazement, except for the fact that the lanky first baseman spreads his big hitting binges over so many years.

Back in 1946 he led the American League with a .333 mark and then they called him a "cheese champion" when he dropped off to .265 the next season. It was a good designation. Cheese improves with age. So while he didn't touch .300 again for six long years, Mickey bounced back in 1953 to win the batting crown again, this time with a .337 average.

So what happened? He dropped off to .290 the following season and hasn't been a title threat since that time. Last year, as a part-time operative with the Red Sox, Mickey batted only .241.

When trader Frank Lane took over as Cleveland's general manager this season he obtained the 40-year-old Vernon as a relief man who could step in and rest Wertz on occasion.

But Wertz broke his ankle in spring training and will be out until Aug. 1. Maybe, if Vernon keeps going as he is, even longer.

Cougars Bow 29-2 to Braves

Palm Springs High School Indians completed their Riverside County League boys' tennis campaign Wednesday at Beaumont with another victory, winning 29 to 2 over the Cougar netters—and Coach Seamus Nunan took a dunking. In the traditional manner, the boys tossed him into the pool. In their season the boys' tennis team lost but two games. Hemet taking a second doubles and Beaumont Wednesday taking a fifth singles.

THEY WON all of their matches by lopsided scores, five of them by clean sweeps, 21-0, another 27-4 and the last 29-2.

Coach Nunan is now awaiting word from the California Inter-scholastic Federation for Southern California play-off dates.

It was the fourth straight RCL tennis title for Palm Springs High.

COACH NUNAN shifted his team around a bit yesterday with Frank Ripley, city net champion and undefeated first singles player for the High School, teaming in with Richard Reakes in the first doubles and Eric Williams taking over the first singles spot. Beaumont put up a battle and for the first time some of the games went three sets, something new for the Indians.

Wednesday's results:

SINGLES
Eric Williams, (PS) d. Robert Wood, (B), 4-2, 6-2.
Denny Hammond, (PS) d. Richard Wedick, (B), 4-2, 6-5.
Nunan, (B), 6-1, 6-4.

Indians, Hemet to Decide Title Here

Tomorrow is D-D day for Coach George Scholl's Indian baseball team. Do or die day.

They host Hemet High School at the Polo Grounds at 4 p.m. in the game which will probably decide the 1958 winner of the Riverside County League baseball race.

As of today, Hemet, having played one more game than the Indians, is leading the loop with an 8-2-1 record.

JUST A HALF GAME behind, with a 7-2-1 record are the Indians.

A win for the Indians would put them in a commanding position to take this year's crown. A loss would practically put them out of the race.

The Indians have a rain-out game with Elsinore and a tie game with Coachella to make up if need be to settle the title.

IN A FIRST ROUND game at Hemet the Indians won a slugfest, 12 to 10, over the Bulldogs. It was one of two games Hemet lost this year.

Coach George Scholl plans to start his ace pitcher, LeRoy Segundo against Hemet. Segundo pitched a four-hitter against Banning Tuesday but says he is ready to go again tomorrow.

REMAINING ON THE Tribe's schedule, outside of the postponed Elsinore game, which may be played Monday, and the 4-4 tie with Coachella which will be played if needed to settle the league crown, are last place Peris, slated there next Tuesday and Beaumont here next Friday.

Brown to Meet Lane Next After Stopping Dupas

HOUSTON, Tex. (AP) — Ringwise Old Joe Brown, \$32,000 richer for his cunning in scoring an eighth-round technical knockout over flashy Ralph Dupas in a title fight Wednesday night, made new plans today to decimate the lightweight ranks.

Brown said he would fight Kenny Lane, Muskegon, Mich. next. No date has been set for the bout but Brown posted a \$5,000 bond that he would meet Lane.

The champion successfully defended his title for the fourth time by calmly waiting for his opening and then turning into a furious fighting machine that sent Dupas to the canvas three times before the fight was stopped at 2:21 of the eighth.

Cathedral City Boys Called to Baseball Games

All Cathedral City boys from 8 to 12 are invited to meet at the Cathedral City School on Tuesdays and Thursdays to play baseball.

The meeting time is six o'clock and the equipment including 12 new bats and balls are now on hand.

George G. Schroeder and Ralph Hammer are in charge again this year.

Stan Can But Cards Can't

By MILTON RICHMAN
United Press Sports Writer
Something's screwy in St. Looney.

Stan (The Man) Musial is practically in outer space with a still-soaring .529 batting average while the Cardinals seem to be slipping clear out of sight with an awfully sore 3-14 record.

Lew Burdette of the Braves shoved the Cards deeper into the National League cellar Wednesday night with a five-hit 9-2 victory. Burdette had all of the Redbirds eating out of his hand with one notable exception. Musial, of course.

Slugging Stan, off and running in quest of his eighth batting title, drove in both St. Louis runs with a pair of doubles and a single. He now needs only seven hits toward his goal of 3,000. And just to give you an idea of how Musial is doing in the batting race,

he is "only" 150 points ahead of his nearest competitor — Cincinnati's Don Hoak.

The Braves wasted little time in starting the Cards on their way to their seventh straight loss Wednesday night. Milwaukee clinched the game in the first inning by hammering out Herm Wehmeier in a six-run barrage. Doubles by Hank Aaron and Frank Torre along with Wes Covington's two-run homer accounted for most of the damage.

Burdette chipped in with three hits himself in coasting to his third victory.

Milwaukee outfielder Bob Hazle was struck on the head by a pitch thrown by reliever Larry Jackson and although he was removed to a hospital, his injury was called not serious.

The Braves' victory kept them a half-game behind the souped-up Chicago Cubs, who held on to first place with a 5-1 victory over the Cincinnati Redlegs.

The San Francisco Giants beat the Pittsburgh Pirates, 8-6, despite a barrage of four home runs by the losers. The Pirates tied a major league record in the fifth when Bob Skinner, Ted Kluszewski and Frank Thomas slammed consecutive homers. Kluszewski

hit his second homer of the game with one on in the seventh but it wasn't enough to keep Bob Friend from suffering his first defeat after four straight victories.

Southpaw Curt Simmons scored his first victory over the Dodgers in four years by pitching the Phillies to a 9-3 verdict.

Granny Hammer and Stan Lopata provided the hard core of Philadelphia's 15-hit attack with three hits apiece.

Over in the American League, Detroit and Washington split a two-night twin bill, the Tigers taking the opener, 5-1, and the Senators the nightcap, 11-4.

The split kept the Senators in second place, a game behind the league-leading Yankees.

Rain, which has been deluging the East the last five days, washed out games between the Yankees and Indians, the Athletics and Orioles, and the Red Sox and White Sox.

Hollypark Opens 55-Day Meeting With Premiere

INGLEWOOD (AP) — Hollypark opens its 55-day summer meeting today with the running of the \$22,400 Premiere Handicap at six furlongs. The event drew a field of eight sprinters.

Highlighting the field was the appearance of Gen. W.W. Kratz' Prince Khaled, which is making a comeback after having been laid up 15 months with leg troubles.

With Prince Khaled's ability to stage a comeback an unknown factor, George Newell's How Now was expected to be the favorite. How Now holds the Hollywood Park six-furlong record of 1:08 3-5, set last year.

Prince Khaled was top-weighted with 118 pounds, with Golden Notes second at 117 and How Now assigned 115 pounds. The rest of the field was made up of Gold Cogr, 110, Cardiff, 112, Marador, 106, The Searcher, 107, and Swirling Abbey, 115.

All-time riding champion Johnny Longden accepted the mount of Prince Khaled with Ray York on How Now and Willie Shoemaker riding Swirling Abbey.

MARATHON GAME TO AID HOSPITAL

Starting at 4 a.m. Saturday morning, when it's just light enough to see, two local softball teams will engage in a marathon softball game for the benefit of the Angel View Crippled Children's Hospital at Desert Hot Springs. Publicizing the game until one team—or the other—has had enough and is too tired to go on.

Teams to take part in the unique game are the Mexican Colony and M & M Grocery-Lehrfield-Johnson teams, both of the Palm Springs Softball league.

The event is sponsored by the Palm Springs Loyal Order of Moose and Governor Carl Spang of the Lodge said that every cent taken in, goes to the hospital. Admission is by donation—anything

you want to give—and as the game will go on all day, there's plenty of chance to see a part of it, said Spang.

The record for a marathon softball game is now held by Swoyerville, Pa., where they played 21 hours and 10 minutes.

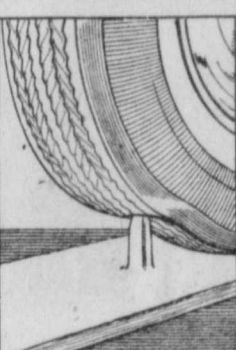

The two local teams vow to make it at least 24 hours.

County Airport Blamed in Claim For \$225,000

A claim of \$225,000 for property damage assertedly resulting from the ordinance establishing airport operating areas and regulating height standards for Ryan Airport near Hemet was rejected by the Board of Supervisors this week and referred to county counsel.

The claim was filed by Cameron W. Cecil, Los Angeles attorney, in behalf of Archie J. Sneed, owner of approximately 235 acres adjacent to the airport.

The claim states that the ordinance permits planes taking off from and landing on Ryan Airport to fly over certain portions of Sneed's property as low as four feet above the ground, thereby severing the property and destroying its use for either commercial purposes or the breeding of thoroughbred horses.

Prior to adoption of the ordinance, according to the claim, Sneed had given an option for sale of 80 acres at \$300,000 for a commercial development, and because of adoption of the ordinance the option will not be exercised.

Kovely Outlines 8-Point Program For Campaign

John J. (Jack) Kovely, candidate for Riverside County Sheriff, today announced an eight-point program on which he will base his campaign against incumbent Sheriff Joe Rice.

Kovely, speaking to a rally of his precinct captains at his Riverside campaign headquarters, said his campaign "will be based on a high and ethical level of important issues."

IN ISSUING HIS eight-point program, Kovely struck out against "certain practices," such as "the use of deputies as political campaigners," and he promised to "take politics out of the sheriff's office."

The program outlined by Kovely includes:

"AN END TO extravagance and waste of both money and manpower; law enforcement without politics; a balanced tax budget in the sheriff's office; job security for all sheriff's deputies and employees in the department."

"Hire qualified Riverside County men for Riverside County jobs and promote qualified and experienced men from within the department; a strong but tolerant and cooperative program between law enforcement and parents, parent clubs, churches, schools and civic organizations to conquer juvenile delinquency; full cooperation with all law enforcement agencies, and, provide adequate law enforcement in all areas of the county."

Kane's Highway Report to Be Studied by Board

C. V. Kane, district engineer of the Division of Highways, reported to the Board of Supervisors this week that studies are still being made of "possible freeway routing for Highway 111 through the Palm Springs area from Chino Creek to Palm Desert."

Kane said the studies will ultimately include a public meeting wherein the progress of information obtained will be presented to the public. He said the county or any city affected by the freeway route may present its estimates of the effect on community values at the meeting.

The report was referred to the planning and road departments with a request for a report to the board on their findings.

Mass Purchase Of Automotive Equipment Urged

Purchasing Agent J. H. Cass told the Board of Supervisors this week that prices offered on passenger car equipment in recent bids are considerably higher than those offered in January of this year.

He blamed the higher bids on the fact that only three passenger cars were contained in the recent bid items as compared to 28 in the previous bid list, and on the heavily advertised sales program of the automobile industry.

CASS RECOMMENDED that in the future bids be called for on automotive equipment twice a year, in September and February, with all equipment required by all departments consolidated into the two bids, so that maximum discounts will be available by quantity purchase.

"I also recommend," said Cass, "that existing county equipment be traded before it is completely worn out. The county would not be exposed to unnecessary mechanical failure and better trade-in values would be received."

CASS SAID THAT from an economical viewpoint he could not recommend acceptance of even the lowest bids submitted in the recent automotive equipment building, but that he would not recommend rejection because from an operating viewpoint, and at the request of the departments concerned, it is necessary to have replacement equipment at this time.

The low bids totaled \$22,805.85 including sales tax less trade-ins on each of the 11 vehicles.

Sanitary District Annexation Papers Ordered

Two separate petitions for annexation of contiguous territory to the Coachella Sanitary District were presented to the Board of Supervisors this week by the district's attorney, Wallace P. Rouse.

Rouse said public hearings have been held by the district board on both petitions, and boundaries have been approved by the county boundaries commission. He asked the supervisors to order alteration of the present boundaries to take in the additional areas in Sections 5 and 6 of Township 6 South Range 8 East, and Sections 31 and 32 of Township 5 South Range 8 East.

County Counsel was instructed to prepare necessary papers to effect the annexation.

No Fooling

FULTON, N.Y. — (UP) — It was April Fool's Day, so Stanley Roberts thought it was just a prank and smiled when he saw the wallet lying on the sidewalk. Finally, after watching other pedestrians ignore the wallet, Roberts picked it up and took it to police who returned the wallet and the enclosed \$10 to the man who lost it, Robert Griswold.

DESERT CIRCUS ASSOCIATION presented this painting to Irwin Schuman, owner of the Chi Chi restaurant, for the part he played in helping make this year's Desert Circus the success that it was. The painting, a symbol of Desert Circus, shows a clown dressed as a cowboy standing on the desert sand dunes. The presentation was made by Mrs. Milt Hicks and Mac McDonald to Ernie Glaser and Julian Stiff, who accepted it on behalf of Irwin Schuman. (Desert Sun Photo).

Larger Lots, Setbacks Asked In County Area

Administrative Officer Robert T. Andersen suggested to the Board of Supervisors this week that they give consideration to requiring a minimum of 7,200 square feet of land area per residential home for any home constructed in the unincorporated area of the county regardless of the zone in which it is located.

"My reason for suggesting the increasing of the minimum 6,000 square feet to 7,200 square feet is that we have plenty of land area in this county and now is the time to require the larger minimum," said Andersen. "After all, this would average out to be a lot with a 60-foot frontage and 120-foot depth, which is still a small lot."

Andersen's suggestion was referred to the planning commission along with a recommendation by Building Director C. G. Bixel that the county require a minimum front setback of 25 feet and a side-yard setback of not less than five feet or in the case of a corner lot a street side - yard setback of not less than ten feet throughout the unincorporated area of the county regardless of zone.

Bixel said he believes the proposed setback requirements would prove valuable in areas to be annexed to cities in the future.

WATER... HOW TO STOP WASTE

Water in California is a precious commodity... and although Palm Springs has an abundant supply, PALM SPRINGS WATER COMPANY reminds us that it should not be wasted... wasted drops of water make a mighty ocean of loss... and a high water bill...

A leak in your house means you're paying for water nobody uses or benefits from... the cost of building additional reservoirs to supply "water to waste" is paid for eventually by all the consumers... so PALM SPRINGS WATER COMPANY urges you to make periodic checks of all plumbing fixtures... both inside and outside your home... check ALL faucets... washbowl... toilets... cooler... every spot where water may escape...

And if anything appears wrong, be sure to fix it PROPERLY... or have the work done by a competent, licensed plumber... inexperienced "fixers" often cause heavier expenses in the long run.

Your PALM SPRINGS WATER COMPANY is always ready to advise and help you in preventing water waste and reducing your water bill.

No. 8 in a series...
A report on our stewardship of your water supply.
